Are you going to ask your friend if he has bought a new 4 per cent Libwait until be asks you?

No matter what opinions Americans may bold about the war-on the Lib erty Loan there can be no two opinions. You cannot stop the war. Our soldiers will go to the trenches and more will go, and still more until the decisive day Hence, the better you belp now the harder we strike And the barder we strike the sooner the end of the bloodshed Every dollar you lend your country now will mean a saving of American blood.

Queen Annes, county has just cause to feel proud of the fact that this was the first county in Maryland to subscribe to the full allottment of Liberty Loan Bonds of the second issue. While the honor, of course, is one that speaks well for the patriotism of this community, there is yet an import ant duty for every citizen.

The six banks of Queen Annes county assumed the responsibility of taking over more than three hundred thousand dollars worth of bonds, in order that Maryland might know we had again promptly and cheerfully contributed "our bit" toward ridding the world of Prussianism Every loyal. red-blooded American within the confines of the county must now assist in helping the banks distribute these bonds

It means that bonds must be die tributed comething like this:

1,600 Fifty-Dollar bonds

500 Hundred-Dollar bonds.

250 Pive-Hundred Dollar bonds. 20 Thousand-Dollar bonds

There are more than sixteen thousand people in Queen Annes county. and if bonds are sold on the above ratto less than two thousand persons will be required to take bonds. Thus, while the bonds are for a purpose in which 100 per cent of the pepole should be in terested, less than fifteen per cent. may be called upon to finance even

What is a One Cent Sale?

It is a sale whereby you get two articles for the price of one, plus one cent extra. For instance, if you with a 25 cent bottle of medicine, the price will be 25 cents. But if you get two bottles, the second bottle will only cost you one cent. The two for 26 cents. Or If you desire a \$1.00 article the price will be \$1.00; but just consider the economy of getting two (2) \$1.00 tilcles for \$1.01. You are not limited in this sale; you

In Presenting this 1 Cent Sale

to the public we do so with a view of offering you numerous articles of real merit which may be useful for months to come. Everyone certainly realizes what it means to conduct a sale of this kind, especially in times like these when everything in every line has advanced and more especially those in the drug line. The President has appealed to merchants of the country to "do their bit" in keeping the prices as low as possible. If we, in a measure, have responded to his appeal and you profit by same, then you are pleased and we are pleased.
